

## Deighton Primary School.

Deighton Primary School has been on its current site since 1984. It replaced Earl Street Junior School which originally opened in 1876.

In the last few years, results have got better and better. Our targets for the years to come are also high. Our expectations of our children are always extremely high.

Traditionally, our school has been friendly and nurturing and that continues to be a strong thread which runs through all that we do, but we also push our children to achieve as much as they possibly can; after all, they are never going to get another chance to resit their primary education.

## Estyn & Deighton Primary School.

Estyn described us as “good” in every aspect . This means we have “many strengths and no important areas requiring significant improvement.”

*“Nearly all pupils behave well. They are polite, courteous and attentive during lessons.”*

*“Teachers and teaching assistants care for their pupils well, especially those whose circumstances may make them vulnerable “*

*Estyn have also commented that,*

*“The school provides a rich and varied environment for literacy where speaking and listening, reading and writing are given high status.”*

*“...pupils’ work in English, mathematics and science confirms that there has been a considerable improvement in standards.”*

*“There is now a clear focus throughout the school on raising standards”*
